

Regenerating Hope

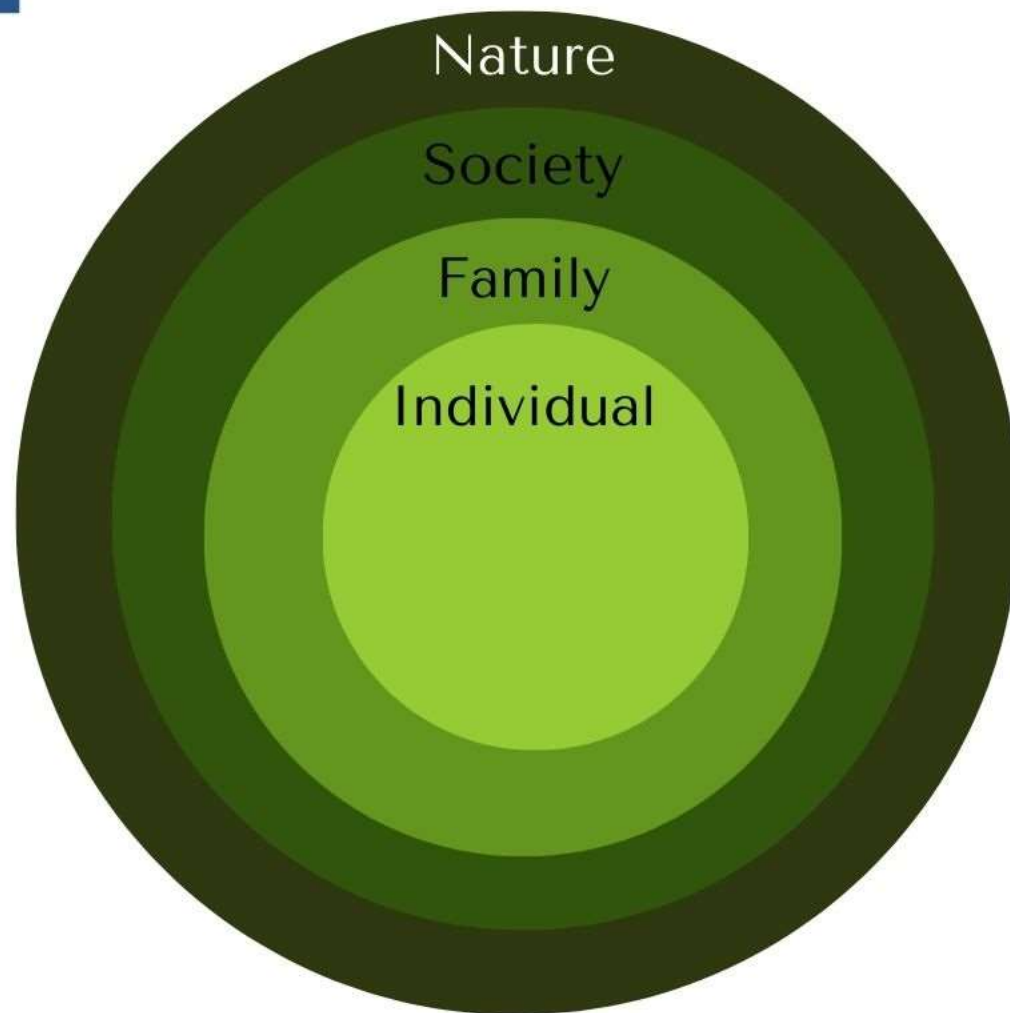

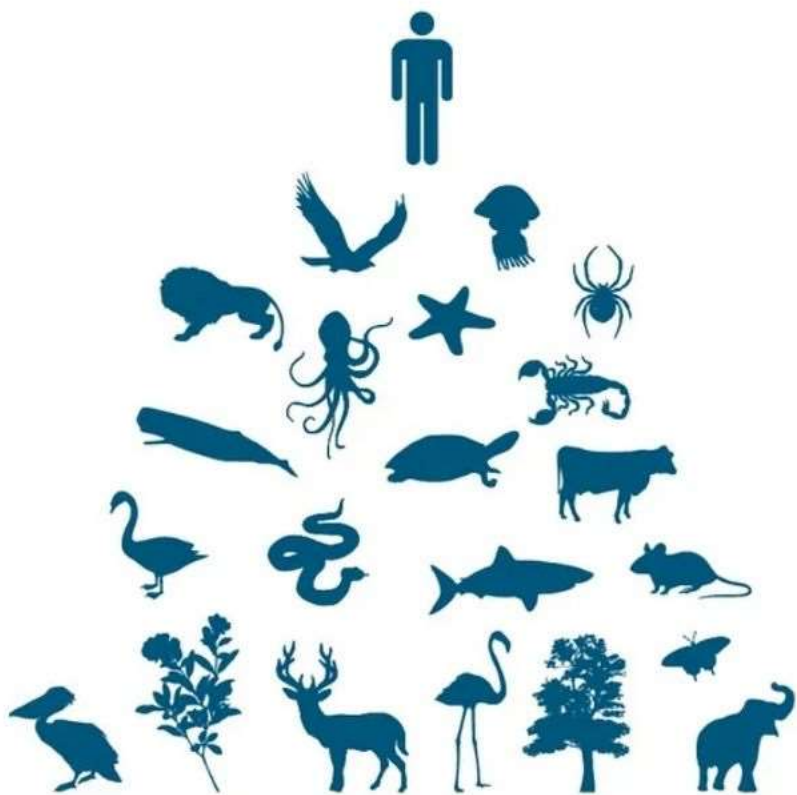

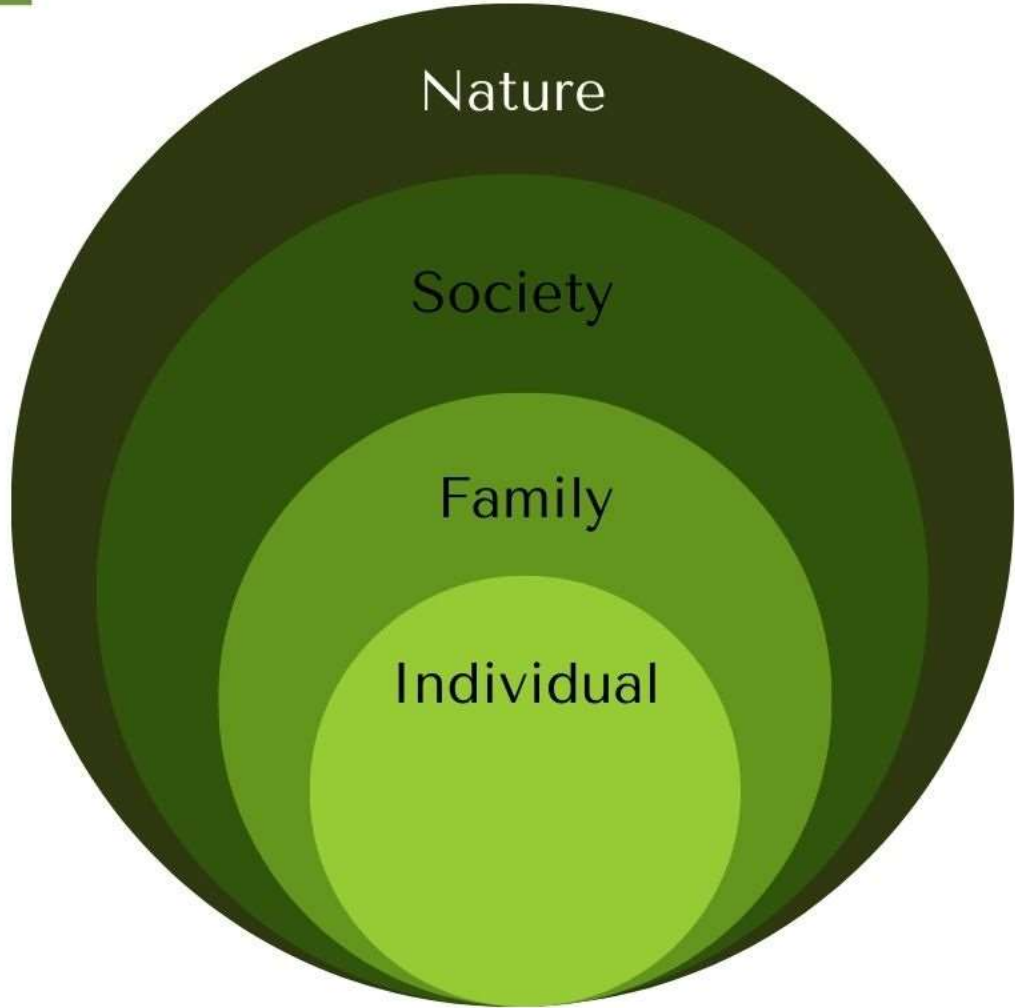

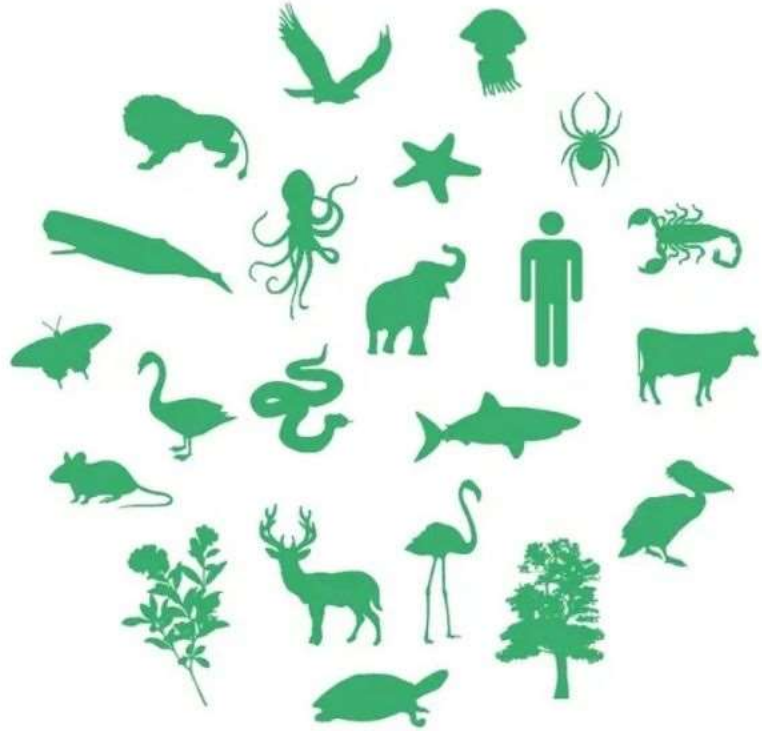

Separation = EGO

# Connection = ECO

I USED TO THINK THE TOP ENVIRONMENTAL PROBLEMS WERE BIODIVERSITY LOSS, ECOSYSTEM COLLAPSE AND CLIMATE CHANGE. I THOUGHT THAT WITH 30 YEARS OF GOOD SCIENCE WE COULD ADDRESS THOSE PROBLEMS.

BUT I WAS WRONG.

THE TOP ENVIRONMENTAL PROBLEMS ARE SELFISHNESS, GREED AND APATHY ... AND TO DEAL WITH THOSE WE NEED A SPIRITUAL AND CULTURAL TRANSFORMATION - AND WE SCIENTISTS DON'T KNOW HOW TO DO THAT.

## PURPOSE The WHY

To Create a Generative Sunshine Coast

## MISSION The WHAT

To build a community that creates, supports and amplifies local regenerative activities.

## VISION The WHERE

A generative Sunshine Coast that is self-supporting and self-sustaining for all.

## IMPACT The WHO

Regenerators that cooperatively work together towards our mission and purpose.

## VALUES The HOW

### Life Giving

The way we work, the decisions we make, and the way we interact with each other and with the world will give life. We will act regeneratively.

### Community

We come together to create local regenerative initiatives. We will be a decentralised network of nested communities with the same purpose.

### Democracy

We will create a just and equal space where members' voices are valued and where we collectively make decisions.

### Diversity & Inclusivity

Diverse voices and actions that are inclusive will take us to regeneration. It is at the inter-sections that magic happens.

### PURPOSE

The WHY

Your purpose is your why. Why you exist, your reason for being.

To provide the Sunshine Coast community with a way to participate in our democratic process pre and post election.

### MISSION

The WHAT

Your mission is your what. What are you going to do to achieve your purpose. What actions are you going to take?

To engage the Sunshine Coast community to:

- Actively participate in the selection and support of our locally elected representatives.
- Invite them to share their voices, contribute to decisions and share power with our elected representatives.

### VISION

The WHERE

Your vision is the where you purpose will be in the future. Describe what it will look like if you were living your purpose in the future.

A democratic Sunshine Coast, where residents participate in the selection and election of trusted representatives. Where we hold them accountable and share power by participating in the decision making process on issues that affect us.

### VALUES

The HOW

Your values are how you are going to activate your mission and deliver on your purpose. How are you going to show up and work to fulfil your purpose? These values provide a foundation on how you work together.

#### Inclusion & Diversity

We value everyone's contribution and believe that real change happens when we value our differences in a respectful and inclusive way.

#### Community

We work with each other in a cooperative and collaborative way with mutual respect, in partnership, and appreciation for all perspectives and approaches. The voices of our community are valued and an important part of participatory democracy.

#### Integrity

We believe in transparency, fairness, and honesty in our interactions with others. We take responsibility for our actions and strive to show up with kindness, curiosity, compassion and positivity.

#### Equity & Participation

We believe that real change first begins with genuine participation. We encourage respectful expression and receiving of ideas and perspectives. We believe in the strength of people and competencies coming together to achieve real change and share power.

# Care Cooperative

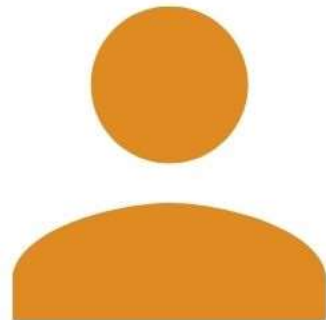

## Land

Securing the land in a Community Land Trust, the land is taken off the speculative market gifting it for community benefit.

## Community

Providing the community products and services that increase the health and wellbeing of the community.

## Individual

Creating a space for individuals to come together to work and live, sharing and working together in a democratic just way.

## Founding Member

Members of the cooperative who don't work or live in the cooperative. Everyone in the cooperative is a founding member.

## Worker Member

Members that work in the cooperative. Collectively producing products/services for the community.

## Resident Member

Members that work and live in the community. Building their preferred small footprint off grid home.

The background of the image features silhouettes of several hands reaching up to hold a bright, glowing orb, likely representing the sun or moon, against a warm, orange-hued sunset sky. The hands are positioned in a way that they appear to be supporting the orb from below. The overall mood is one of connection, support, and hope.
